Attn: Harry Moetz and Jon Dudas

Dear Sirs,

It is apparent that your definition of impropriety is different from Webster's and mine. When withholding information critical to my patent here and abroad because of billing, I do believe there is a conflict of interest.

I have pictures of Mr. McCulloch's cash before he tried to become my partner. He knew I had this money. When firing him for trying to become my partner, he and Mr. Rowan still communicated together. Why? I had come down here and spoke to Mr. Rowan taking Power of Attorney back. Are they in some kind of back-door-deal together? Now, after five more trips down here, I still do not have my patents. Why? Apparently the verbiage is correct and still I have no patent. Why?

Asking Mr. Rowan about a document sent to me by Mr. Dudas, I got no reply as to what it represents and to this day still do not know. Everyone is backsliding as to his or her respective jobs. I hear, "It is not my job" and "I do not know". Where is my original document?

I have contacted my congressman, Dave Camp, and also have contacted my Senator Carl Levin. Maybe between the three of us, we can get to the bottom of this nightmare. If they need Power of Attorney, then I will give it to them. Ethics violations are apparent on both sides of this mess with me in the middle.

A copy of this letter will also be sent to my governor, senators and congressmen. If something cannot be done in a timely fashion, I will seek out and find another prosecutor to look into this matter fully. Hearing, "Not my job" and the "He Said/She Said" delays are not acceptable anymore. Filing federal lawsuits seem to be the only way to get this done.

I am still in Washington DC on related business and my cell number is 989-395-4737.

Respectfully,

Terry M. Howley

PS Thank you Peter Poon and Terri Lue for your help in this matter.
